<https://timesofindia.indiatimes.com/city/chennai/isro-and-imd-uses-drone-to-calibrate-new-radar-in-chennai/articleshow/88741269.cms>

CHENNAI: Scientists from the [Indian Space Research Organisation](#) (Isro) and India Meteorological Department ([IMD](#)) carried out a calibration experiment on the new X-band radar installed at National Institute of Ocean Technology, Pallikaranai using a drone.

In a release, the IMD said it was the first time in the country that a drone was used to carry out calibration experiments on a weather radar. To carry out the experiment, a reflective target was attached to the drone, which was flown from the campus of [Narayana Vidhyashram School in Pallikaranai](#) close to [NIOT](#) campus where the radar has been installed. The X-band radar was then operated, and the data was recorded at the NIOT campus.

# THE IDEOLOGY OF THE FOUNDER

- ❖ Health First. Education Next.
- ❖ Nature is our only best friend.
- ❖ Reading is the Key to Learning.
- ❖ The ability to speak in public is essential in life.
- ❖ Critical and analytical thinking determines the future.
- ❖ The goal of life is to be proficient in at least 5 languages.
- ❖ It is better to be a good human than to be a good educator.
- ❖ Extremely good to being an inventor rather than being an user always.
- ❖ Education is about learning to live peacefully in any situation and turning it into a success.
- ❖ It is wise to move forward with the support of new technology without changing the culture.

# SPECIAL ATTENTION

- ❖ Read at least the entire headlines in the daily newspapers every day.
- ❖ Write a note everyday. Especially an idea.
- ❖ It is enough to know to ask a question smartly and Understanding the question.
- ❖ By answering the question, it is very special to raise a question to the next person.
- ❖ Grow with self confident and entrepreneurship skill.
- ❖ Identifying and learning vocational education and training along with academic curriculum.

# VISION AND MISSION OF THE SCHOOL

## Vision

- ❖ Students to **participate** in one of the **18 tough exams in the world**.
- ❖ Students to **study** their higher education **at world-best University by merit scholarship**.
- ❖ **Create the mentors** by transformation of information to knowledge includes engaging in the continuous learning necessary in a rapidly advancing world and using technology to broaden and support learning opportunities to the students

## Mission:

Is to create an institution where children can learn in a dynamic challenging environment, which fosters in them strong moral values and a passion for learning interest. We believe that knowledge is a lifelong gift that every child, unique or special, possess. Each child can be guided at his or her own pace in an environment which demonstrates love, patience and acceptance. We seek a strong foundation for y(our) children.

# EVENTUAL ACTION PLAN

1

- ❖ High-End Academic
- ❖ Learning Interest
- ❖ Three layers concept
- ❖ Reflection Teaching

2

Competition  
among intra  
school students

3

Competition  
with other  
school students

4

Participate in  
one of the 18  
tough exams  
in the world

5

To Study  
higher  
education in  
world best  
university by  
merit  
scholarships

# OBJECTIVE OF STUDENT CONTEST

- To excel in academic.
- To be familiar with the style and structure of modern competitive exams.
- To optimize memory and the Linguistic, numerical, imaginative, logical and reasoning skills.
- To develop a healthy competitive spirit.

- ✦ Better choice for learners who want to take greater academic challenges to excel in life.

# NIOS

NVS is an alternative schooling system providing education to those who have extra skill and not interested to attend regular school. The NIOS syllabus is followed at helping students learn independently, without the stress of being forced to score high. Scores obtained in school exams do not greatly affect life. Competitive selection will determine their further education and bright future.

The National Institute of Open Schooling (NIOS), is the board of education under the Union Government of India. It was established by the Ministry of Human Resource Development of the Government of India in 1989 to provide education to all segments of society under the motive to increase literacy and aimed forward for flexible learning. The NIOS is a national board that administers examinations for Secondary and Senior Secondary examinations similar to the CBSE and the CISCE.

# Virtual Learning Itinerary

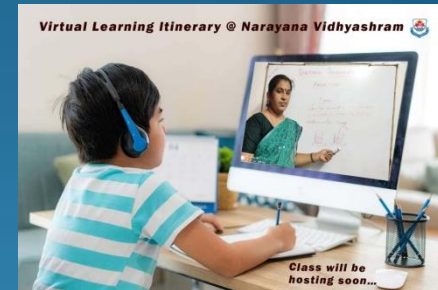

*The school has made an arrangement to ensure that there is no decline in students' learning ability in the event of a third wave corona and a relaxation-free curfew is enforced. We have developed an APP that is unique to our students for learning from home.*

## A. Features of our App:

1. It is designed to be completely different and simpler than another app that takes an online class.
2. It is designed to look like live classes.
3. it is designed to stimulate the learning Interest among the students.
4. All the lessons in this App have been created by master experts.

## B. In what way is the App used for students?

1. Lessons will be conducted descriptively.
2. Meaningful and useful worksheet and assignments will be shared.
3. Students will be evaluated through testing and quizzes.

## C. How will the special live class be used for students?

*To allay the doubts that arise in the students' subjects and keep the interest in reading intact, our school conducts a special live class, in line with government guidelines and social distancing.*

1. To develop the basic ability for learning among students without discrimination
2. Students will be taught through practical experience how to use the virtual classroom extremely.
3. Student will be taught subject-based experiential and practical classes directly.
